

Facilities Cleaning and Disinfection

General

Facilities has enhanced disinfection protocols throughout all Seneca Nation Health System (SNHS) buildings. In addition to daily cleaning that occurs between 6pm to 8am, environmental services attendants will perform a deep cleaning protocol during business hours. The deep cleaning of public spaces (lobbies including tables, chairs, and check-in countertops; as well as main hallways including doorknobs and railings) using a germicidal disinfectant will occur during business hours shown in table.

Building	Deep Cleaning Schedule
LRJHC	11am
CIRHC	10am and 2pm
CHWC	11am and 1pm

Daily Deep Clean of Exam Rooms – Dental & Medical

During the day, employees within the unit will clean and disinfect exam/procedure rooms with CaviWipes AND disinfectant spray after each patient visit. At the end of the day, environmental services attendants will e-mist all patient areas in addition to routine procedures.

Weekly Deep Clean

SNHS buildings (CIRHC, CHWC, LRJHC) will be e-misted on Friday nights each week. Offices, meeting rooms and breakrooms will also be e-misted during the weekly deep clean. All staff are to preliminarily clean their desks and work areas. All food items should be put away in secondary containers or within desk drawers.

COVID Positive Individual or Exposure

In order to protect all staff, offices will be sprayed with air disinfectant daily. E-mist machines will be utilized in areas and/or offices as needed when notification is received of a COVID positive individual or possible COVID exposure.

Additional Items

Spray bottles of germicidal and towels for use in meeting rooms to wipe tables and chairs before and after meetings will be provided.

In Progress

Ordering and installation of soap and paper towel dispensers for all break rooms and meeting rooms equipped with sinks.
